AL MAWAKEB AL KHAWANEEJ

Mission Statement

At Al Mawakeb, we are convinced that every human being is valuable and deserves the opportunity for self-realization and self- fulfillment.

We are committed to providing a high-quality education and applying a distributed leadership model that will encourage our students to embrace accountability, self-reliance and teamwork in their daily lives.

We aim to work with parents, students, teachers and other stakeholders to provide all students with a caring, sustainable and inclusive learning environment in which collaboration, innovation, talent, and critical thinking are valued and encouraged, thus empowering children to achieve their fullest potential.

We are committed to developing their 21st century skills and building students to become well-rounded, goal-driven and holistic individuals who are advocates of multiculturalism and are capable of solving global, local, and environmental issues. We will challenge students to take personal responsibility for their own learning and to apply their learning to a diverse and changing world.

High School Profile

Al Mawakeb is a private international **s**chool founded in 2018, and caters to students of different nationalities, race, color and ethnic background. We provide a comprehensive college-preparatory US curriculum with an AP option, fulfilling the requirements set by the UAE Ministry of Education for Arabic, Islamic Studies, Social Studies, and Moral Education. Our curriculum provides the rigor, challenge and the progression enabling our graduates to continue on to universities worldwide.

Our curriculum is structured to integrate the school core values, the UAE curricula (Arabic, Islamic Education, Social Studies, & Moral Education), as well as Islamic values and the UAE culture into the American curriculum. Our Science, Mathematics, and English curricula are based on Massachusetts NGSS, Massachusetts CCSSM, and Massachusetts CCSSE, respectively, while other disciplines are aligned with other Massachusetts State Standards.

Through this approach, we aim to provide a framework that enables the school to serve its diverse and complex population while also embracing the UAE National Agenda.

Upon completing twelve years of education, students receive a High School Diploma, which enables the graduates to pursue higher education anywhere around the world.
